

OUR TEAM

WHY WORK WITH THE EMPIRICAL TEAM?

Because of our team. We're experienced, qualified, helpful, and want to ensure that you are satisfied.

The TEC team has responded to many types of projects that have ranged from a relatively small basement flood to assisting the EPA and other federal agencies in identifying the extent of Anthrax contamination within the Hart Senate Building in Washington D.C. We have developed numerous abatement and remediation

specifications from projects ranging from a simple mold clean-up to major asbestos and lead abatement projects to developing rather elaborate containment and decontamination procedures for Anthrax.

Our Certifications

- Certified Industrial Hygienist (ABIH)
- Occupational Health and Safety Technologist (ABIH & BCSP)
